STANDARDS FOR VARIANCES

The granting of variances is outlined in Section 6.1 of the Subdivision Control Ordinance, as amended. It states, the Township Board may, on written application from the subdivider and after receipt of a recommendation from the Planning Commission, grant a variance from the provisions or requirements of this Ordinance. A public hearing shall be held by the Planning Commission prior to making its recommendation to the Township Board. No variance shall be recommended by the Planning Commission or granted by the Township Board unless there are the following findings by the Planning Commission or the Township Board, as the case may be:

1. That there are such special circumstances or conditions affecting the property in question such that strict application of the provisions or requirements of this Ordinance would be impracticable or unreasonable;
2. That the granting of the variance will not be detrimental to the public welfare or injurious to other property in the area in which the subdivision is situated;
3. That the variance will not violate the provisions of the Land Division Act; and
4. That the variance will not have the effect of nullifying the interest and purposes of this Ordinance.

After the completion of the public hearing, the Planning Commission shall make a written recommendation to the Township Board, which shall include its findings and specific reasons for its recommendation. On receipt of such written recommendation, the Township Board shall act to either grant or deny the variance.
