^{*}Additional Inspections: Additional inspections may include one or more of each of the following – Temporary Power, Bonding, Underground, Service, Rough-In, and Final.

VIII. Notice to Applicant

GENERAL: Electrical work shall not be undertaken until an electrical permit is issued. All installations shall be in conformance with the Electrical Code. **No work shall be concealed until it has been inspected and approved.**

EXPIRATION OF PERMIT: A permit shall become invalid if the authorized work is not commenced within 180 days after issuance of the permit or if the authorized work is suspended or abandoned for a period of six months after the time of commencing the work. A permit will be cancelled when no inspections are requested and conducted within 180 days of the date of issuance or the date of a pervious inspection. Cancelled permits cannot be refunded or reinstated.

SCHEDULING INSPECTIONS: Applicant is responsible for arranging all required inspection until the permit is finalized. Call at least 24 hours in advance to schedule an inspection and include job location and permit number.

PERMIT PRE-PAYMENTS: Grand Haven Charter Township may accept payment for application fees before the permit is issued. The payment will be held in an escrow account until the permit is ready to be issued and will then be applied to the application fees due. If the initial payment is insufficient to pay the application fees in full, additional payment will be required. Permits will not be issued until all fees are paid in full. **No work authorized by the permit may commence prior to the permit being**received by the applicant. If the application is for an electrical, plumbing, or mechanical permit associated with an application for a building permit, the building permit must be issued prior to any electrical, plumbing, or mechanical permit being issued.

Inspector's Signature	Date	

^{**}Fee Clarification for Mobile Home Unit: When installing a site service in a park, the permit application must include the application fee, service, the number of park sites and a final inspection. When setting a HUD mobile home in a park, a permit must include the application fee, service, feeder and a final inspection. These shall be done by a licensed electrical contractor. When setting a HUD mobile home or a pre-manufactured home on private property, a permit must include the application fee, service, feeder and a final inspection.
