The undersigned agrees the statements made above are true, and if found not to be true this application and any approval will be void. Further, the undersigned understands this is only a parcel division which conveys only certain rights under the applicable local Subdivision Control Ordinance, the local Zoning Ordinance, and the State Land Division Act (*formerly the Subdivision Control Act, P.A. 288 of 1967, as amended (particularly by P.A. 591 of 1966, amended by P.A. 87 of 1997), MCL 560.101, et.seq.*) and does not include any representation or conveyance of rights in any other statute, building code, zoning ordinance, deed restriction or other property rights. All lots within a plat shall be designed and laid out as follows.

1. Conform to Zoning. The lot width, depth, and area shall not be less than required by the Zoning Ordinance for the zone in which the plat is located, except where outlots are provided for some permitted purpose.
2. Lot Lines. Side lot lines shall be as close to right angles to straight streets and radial to curved streets as practical.
3. Depth Related to Width. The lot depth shall not exceed four times the lot width. An exception to this limitation may be granted by the Township Board on recommendation from the Planning Commission, based upon a consideration of the following factors:
 - A. The topographical conditions of the lot;
 - B. The physical conditions of the lot; and
 - C. The compatibility of the lot with surrounding land.
4. Uninhabitable Areas. Lands in the flood plain or otherwise deemed by the Township Board, on recommendation from the Planning Commission, to be uninhabitable shall not be platted for residential purposes, for any use which may increase the flood hazard, or for any use that may increase the danger to health, life, or property. Such land within a subdivision shall be set aside for other uses, such as parks or other open space.
5. Outlot. Any restrictions on the use of outlots shall be submitted to the Township Board for review and approval and shall be recorded at the time that the plat is recorded.
6. Back-Up Lots. Lots shall back into such features as limited access highways, shopping centers, or industrial properties; unless a secondary access is provided. Such lots shall contain a landscaped easement along the rear lot line, at least twenty (20) feet wide, to restrict access, to minimize noise and to protect outdoor living areas. Lots extending through a block and having frontage on two subdivision streets are prohibited.
7. Lot Division.
 - A. Prohibition of Division. No lot, outlot or other parcel of land located in a recorded plat shall be further partitioned or divided unless such partition or division is first approved by the Township Board, after review and consideration by the Planning Commission. No lot,

- B. Application for Permission. Any proprietor who desires to partition or divide a lot, outlot or other parcel of land located in a recorded plat shall first make application to the Township Board in writing on such application form or forms as shall be provided by the Township. The application shall be filed with the Township and shall include a detailed statement of the reasons for the requested partition or division and a sketch map or maps prepared in scale showing the proposed division or partition and all adjoining lots, streets and parcels of land.
 - C. Building Permit No building permit shall be issued to any proprietor or any other person, firm, association, or corporation with reference to the lot, outlot or other parcel of land which is to be divided unless the partition or division shall first have been approved by the Township Board.
 - D. Conditions. In granting its approval for any such requested division or partition, the Township Board may condition its approval with such reasonable conditions as shall be deemed desirable by the Township Board and which are in accordance with the purposes of the Land Division Act.
8. Frontage. All lots shall front upon a public street. Private roads shall be prohibited unless approved pursuant to Section 4.2.1 above.
