MONDAY, DECEMBER 12, 2016**

**WORKSESSION – 6:00 p.m.**

1. Superintendent Cargo reviewed the 2017 Project List with the Board. No action was taken.
2. The Board discussed the process for developing the 2017/18 Business Plan. The Board requested that VerBerkmoes use the “Agree A Date” web-based application to find a date and time that the Board can meet to discuss individual priorities between Tuesday, January 3<sup>rd</sup> and Thursday, January 19<sup>th</sup>. This will be a first step in developing the 2017/18 Business Plan.
3. Supervisor Reenders discussed Board meeting attire. The Board agreed that the minimum attire would be a button down collared shirt and instructed Cargo to send an email to the officials to inform them of options to have a Township logo placed on their personal clothes or purchasing clothes items through the Township with the logo.
4. Supervisor Reenders discussed the use of electronic board packets. The Board instructed Cargo to send an email to each elected official to obtain their preferences.
5. The Board discussed the Appreciation Dinner. Staff noted that there were a number of issues with the vendor. The Board instructed Cargo to (1) confirm that Walsh wants to supervise the event in 2017; (2) to utilize GHAPS students for entertainment (*e.g., chorale, musicians, etc.*); and, (3) to send email information regarding choices related to the event (*e.g., venue selection; meals selections, entertainment, etc.*) in order to obtain feedback prior to finalizing the proposed decisions.

## Public Services Memo

DATE: January 5, 2017  
TO: Township Board/Superintendent  
FROM: Mark VerBerkmoes  
RE: Water Asset Management Plan (WAMP)

---

Recently the State of Michigan amended parts of the Safe Drinking Water Act (P.A. 399 of 1976), which is the regulatory act providing the Michigan Department of Environmental Quality with supervision and control over public water supplies and establishing, among other items, operation and maintenance guidelines for the public water supply.

Part of the amendments include a requirement that communities serving more than 1,000 people must complete and submit Water Asset Management Plan (WAMP) by January 1, 2018. This plan must include all functionally and financially significant assets of the water system and includes items such as a pipe and non-pipe assets inventory, an updated 5- and 20-year Capital Improvement Plan and a financial plan.

In essence, this new rule requiring a WAMP is in response to the Flint water crisis and certain other municipalities that were not properly budgeting their Water Funds. Obviously, Grand Haven Charter Township does not fall into this category; but, the Township is still required to comply with this rule. *(Recall that Grand Haven Charter Township updates a five-year Capital Improvement Plan on an annual basis and, most recently, completed a financial analysis of the Water Fund with the 2015 Cost of Service Study.)*

Attached is a proposal from the Township's Engineer, Prein & Newhof, to complete the required WAMP. The proposed cost to complete the plan is \$17,000 and monies were included within the FY2017 budget for this project. At this time staff is requesting approval to enter into an agreement with Prein & Newhof to complete the WAMP.

The proposed agreement is attached for your review.

To proceed with this WAMP project, the following motion can be offered:

**Motion to authorize the Township Superintendent to execute an agreement with Prein and Newhof to complete a Water Asset Management Plan at a cost not to exceed \$17,000.**

Please contact me with any questions or concerns.

RE: Proposal for Grand Haven Charter Township - Water Supply System Asset Management Services

Dear Mr. Verberkmoes:

Prein&Newhof is pleased to submit this proposal for Asset Management Services for the Grand Haven Charter Township water supply system. The scope of this project is to create a foundational Asset Management Plan that will efficiently meet the current requirements and allow you to add data/functionality as time and resources allow in the future.

### **Project Understanding**

Michigan's Safe Drinking Water Act was recently amended with additional General Plan requirements for Community Water Supplies such that communities serving more than 1,000 people shall implement an asset management program by January 1, 2018 for all functionally and financially significant assets. In accordance with the requirements, the Asset Management Plan shall include:

- A pipe and non-pipe assets inventory.
- A methodology for assessing the criticality of each asset considering the likelihood and consequence of failure.
- A statement of level of service goals.
- An updated 5 and 20 year Capital Improvement Plan.
- A financial plan showing how rates and other funding will provide sufficient resources to implement the asset management program.

Grand Haven Charter Township seeks to comply with the new requirements of Michigan's Safe Drinking Water Act by creating an Asset Management Plan for their Community Water Supply that will allow the community to cost-effectively manage its water infrastructure and ensure the long-term sustainability of the water system for its system owners.

### **Scope of Services**

#### Task 1: Inventory and Condition Assessment

System assets generally include the following:

- Water Supply – booster stations, interconnecting pipes/meters, interconnect control valves, and transmission mains.

- Storage – above ground storage tanks.
- Buildings – structural buildings housing treatment facilities and site infrastructure.
- Distribution – distribution mains, valves, and hydrants. (does not include services)
- Electrical and Communications – SCADA and control panels.

We propose to:

- a. Obtain your most recent Water Reliability Study (WRS) and an electronic version of the model used in the study, if we do not already have this information.
- b. Obtain a copy of your recent Sanitary Survey completed by the Michigan Department of Environmental Quality (MDEQ).
- c. Develop your asset inventory using information included in the WRS model and Sanitary Survey.
- d. Review/Edit water distribution map in a Geographic Information System (GIS), if necessary.
- e. Meet with your utility staff to review the asset inventory.

#### Task 2: Criticality, Risk of Failure, Consequence of Failure, and Level of Service

We plan to work with your staff to develop level of service goals and to assess criticality, considering their failure risk and consequence of failure.

This involves the following:

- a. When we meet with your utility staff to discuss your inventory, we can cover your level of service goals. This can include a focus on domestic and fire flows, existing and future service districts, available pressures, system reliability, redundancy, leaks in the system, water quality concerns, staffing, and other service goals for the system.
- b. We will then assign risk and consequence of failure ratings for each asset. Institutional knowledge of DPW staff will be important during this process to capture the best available information regarding existing conditions. Also, non-pipe asset ratings shall be provided by the Township. We use these ratings to create a criticality map in GIS. We have not included on-site condition assessments or inspections in the current scope of services.

#### Task 3: Prepare Asset Management Plan

This is where we review your current revenue structure, develop your 5 and 20 year Capital Improvement Plans and develop a summary report of our findings to support your Asset Management Plan.

We plan to team with Tom Traciak and his firm H.J. Umbaugh & Associates for the Financial Plan work. Umbaugh is a CPA firm specializing in bond financing and rate studies. Tom, as well as Umbaugh as a firm, is registered with the SEC as Municipal Advisors, which means they are able to model future debt scenarios as necessary. Umbaugh will review the current budget and will forecast revenue requirements in support of the future capital cost identified through the asset management evaluation.

We recommend the following steps in collaboration with a financial consultant:

- a. Meet with you and your utility staff to discuss the results of tasks 1 and 2 and develop a 5 and 20 year Capital Improvement Plan.

- b. Meet with Umbaugh to evaluate your current rate structure, O&M costs, and your goals to prepare a financial plan/policy for implementing the Asset Management Plan.
- c. Create an Asset Management Plan including:
  - o Water Distribution System Map
  - o Pipe Assets Summary
  - o Non-pipe Assets Summary
  - o Criticality Map methodology summary
  - o Statement of Level of Service Goals
  - o 5 and 20 year Capital Improvement Plan
  - o Financial Plan/Policy
- d. Final Report (MDEQ submittal)

### **Fees and Schedule**

Prein&Newhof propose to perform the services described above for the lump sum amount of \$17,000. Additional services not described in this proposal will be provided for an additional fee. No additional work shall proceed without receipt of written authorization by Grand Haven Charter Township. If you are in agreement with this proposal, please sign and date the attached Professional Services Agreement and forward a signed copy to our office.

We appreciate the opportunity to provide you with this proposal. Please contact me if you have any questions or need additional information.

Sincerely,

**Prein&Newhof**

## Manager's Memo

DATE: January 5, 2017  
TO: Township Board  
FROM: Cargo  
RE: Potluck Pick-Up 2017 Waste Hauling License

---

Attached, please find a proposed resolution authorizing Potluck Pick-Up's application to operate within GHT.

Their proposed fee is a maximum of \$18.00 per month with a 96-gallon cart, which includes the bi-weekly recycling (*also with a 96-gallon cart*).

The company also offers yard waste at a maximum of \$88.00 per year with a 96-gallon cart.

A copy of their application and supporting documentation will be available at the meeting for those interested in reviewing the material.

To approve the application, the following motion can be offered:

**Move to approve Resolution 17-01-01 approving a two-year license agreement with Potluck Pick-up for waste collection and hauling services in Grand Haven Charter Township pursuant to the provisions contained within their application.**

If there are any questions or comments, please contact me at your convenience.

At a regular meeting of the Township Board of the Charter Township of Grand Haven, Ottawa County, Michigan, held at the Township Hall at 13300 - 168<sup>th</sup> Avenue, Grand Haven Charter Township, Ottawa County, Michigan, on the 9<sup>th</sup> day of January, 2017, at 7:00 p.m., local time.

After certain matters of business had been completed, Supervisor Reenders announced that the next order of business was the consideration of a license to operate in the Township for Potluck Pick-Up.

The proposed license agreement was discussed by the members of the Board, and after discussion was completed the following resolution was offered by \_\_\_\_\_ and seconded by \_\_\_\_\_:

**GRAND HAVEN CHARTER TOWNSHIP  
RESOLUTION 17-01-01**

**APPROVING THE LICENSE APPLICATION OF POTLUCK PICK-UP TO OPERATE  
WITHIN GRAND HAVEN CHARTER TOWNSHIP  
AND THE SCHEDULE OF FEES FOR SERVICE.**

**WHEREAS**, Grand Haven Charter Township adopted and amended Ordinance No. 334 which provides for the licensing of garbage, trash, and recyclable collectors or haulers; and

**WHEREAS**, Potluck Pick-up, has applied for a license to operate within Grand Haven Charter Township pursuant to said Ordinance; and

**WHEREAS**, Potluck Pick-up has met all of the requirements of said Ordinance for operating within the Township, as shown by their license application, which has been reviewed and approved by the Township Superintendent; and

**WHEREAS**, Potluck Pick-up has provided a schedule of fees to be charged for said services, which is attached to and made part of this resolution.

**NOW, THEREFORE, BE IT RESOLVED AS FOLLOWS:**

- 1) The application of Potluck Pick-up to provide trash and recyclable collection and hauling services pursuant to Ordinance No. 334, as amended, within the Charter Township of Grand Haven is hereby approved through December 31, 2018, contingent upon payment of the 2018 license fee and approval of any rate increase prior to December 31, 2018 by the Township Board.
- 2) That the attached schedule of fees contained within the application is approved through December 31, 2017. *(Any change of the rates prior to December 31, 2018 must be submitted to the Township Board for approval pursuant to Ordinance No. 334, as amended.)*
- 3) That because the applicant is providing a 96-gallon cart for recyclables, the applicant is authorized to collect recyclables every other week.
- 3) That a copy of this resolution will be forwarded by the Township Clerk to Potluck Pick-up and that it shall be considered to be a license to operate waste and recyclable collection and hauling within Grand Haven Charter Township through December 31, 2018, contingent upon payment of the 2018 license fee and approval of any rate increase prior to December 31, 2018 by the

Township Board.
