IX. PUBLIC COMMENTS

Dave Rickard (*11487 Loggers Trail*) stated that he was frustrated that he is not able to construct a detached garage (*i.e., accessory building*) within the front yard of his five acre parcel at the end of a cul-de-sac with a 290' drive. He noted that he was denied a variance request by the Zoning Board of Appeals (ZBA).

Rickard believes that the rules aren't working and proposed that the accessory building portion of the Zoning Ordinance be amended to allow accessory buildings within front yards of large lots with long drives. Asked what help the Board can provide.

The Board noted that it cannot overrule the ZBA or provide an exception. However, the Board stated he could provide a petition to the Planning Commission to change the zoning ordinance rules. Also, it was stated that this could be a situation that could benefit from creating a special land use procedure and that the current Zoning Re-Draft Committee could consider that option. The new Zoning Ordinance is expected to be drafted by May of 2018.

X. ADJOURNMENT

**Motion** by Clerk Larsen and seconded by Trustee Behm to adjourn the meeting at 7:26 p.m. **Which motion carried.**

Respectfully Submitted,

Laurie Larsen  
Grand Haven Charter Township Clerk

Mark Reenders  
Grand Haven Charter Township Supervisor

# SUPERINTENDENT'S MEMO

DATE: July 5, 2017

TO: Township Board

FROM: Bill Cargo

SUBJECT: Options and Cost Estimates – Mercury Park In-Line Rink

Per the request the Township Board at the May 22<sup>nd</sup> meeting, the following **seven (7)** options are provided with regard to the Mercury Park in-line rink:

➤ **Option No. 1 – Do Nothing (*maintain “as is”*):**

This option is predicated on the response of the in-line rink users who have stated that they are “satisfied” with the current condition of the in-line rink, upon the limited usage that the rink receives, and recognizes that there are no public safety concerns with the rink in its current condition.

Specifically, this option would allow for the continued use of the rink with the understanding that rink will eventually have to be repaired or replaced as it continues to deteriorate. This option postpones any decision to a date when the decision may become clearer.

There is no immediate capital cost associated with this option.

➤ **Option No. 2 – Minimum Repairs:**

This option is predicated on the response of the in-line rink users who have stated that they are “satisfied” with the current condition of the in-line rink and is based upon the limited usage that the rink receives.

Specifically, this option will only complete a “crack seal repair (*i.e., a two-part epoxy mixed with silica sand*) of the rink.

The capital cost for this level of repair is about **\$4,000**. (*However, this is a project that DPW can complete, which would reduce the cost significantly.*) Unfortunately, this is a short-term solution (*similar to what was completed in the past*) and will likely last no more than one to three years before the cracks redevelop and additional repairs are needed.

➤ **Option No. 3 – Significant Repairs:**

This option is predicated on maintaining the rink at a higher level and being prepared for increased rink usage – which may or may not occur.

Specifically, this option will complete crack sealing (*i.e., a two-part epoxy mixed with silica sand*) re-coat/color the surface, require custom built boards for those that are damaged, and replace the fencing material. (*It should be noted that the board system for the rink is no longer manufactured.*)

The capital cost for this option is about **\$85,000**. However, even with more extensive repairs, the asphalt base of the in-line rink will limit its effectiveness to about two to four years before cracks redevelop.

- **Option No. 4 – Raze the Rink and Replace with Grass Multi-Purpose Field:**  
This option is predicated on the cost of rink repairs not being worth the benefit to the general public (*i.e., low and declining usage, no organized in-line hockey leagues, etc.*).

Specifically, this option will remove the rink and replace with a sprinkled, grass multi-purpose field (*e.g., youth soccer, etc.*).

The capital cost for this option is about **\$15,000**. The development of a different recreation facility could occur at a later date based upon recognized recreation needs.

- **Option No. 5 – Raze the Rink and Replace with New 4" Concrete Rink:**  
This option is predicated on the belief that there is a “need” for an in-line rink and that the current rink cannot be repaired and maintained in a cost-effective manner (*i.e., the asphalt base cannot be maintained over a long period*). The estimated useful life of a concrete in-line rink should exceed 25 years.

Specifically, this option will remove the existing rink and replace with a 180' x 80' rink of concrete that is 4" thick. The board system would be new – at a cost of about \$85,000. (*It is possible that this cost could be reduced if the current board system can be salvaged.*) To minimize cracking, the concrete would have saw cut joints (*which will have some impact on in-line skating*).

The capital cost for this option will be about **\$239,000**.

- **Option No. 6 – Raze the Rink and Replace with New Post Tensioned Concrete Rink:**  
This option is predicated on the belief that there is a “need” for an in-line rink and that the facility should be close to “maintenance free”, should be constructed to a high-quality standard with a useful life exceeding 35 years.

Specifically, this option will remove the existing rink and replace with a 180' x 80' rink of “post tensioned” concrete that should eliminate or minimize most cracking. The board system would be new – at a cost of about \$85,000. (*It is possible that this cost could be reduced if the current board system can be salvaged.*)

The capital cost for this option is about **\$316,000**.

- **Option No. 7 – Raze the Rink and Replace with Pickleball Courts:**  
This option is predicated on the belief that in-line skating numbers are low, will continue to decrease, and the rink should be replaced with an alternative that will generate a higher number of users.

Specifically, this option will remove the existing rink and replace with six competitive level pickleball courts (*with fencing and seating*), using post tension concrete to maximize the

useful life and minimize the maintenance of the eight (8) courts. (*Using another surface – such as asphalt or 4” concrete with saw cut joints can reduce the construction costs.*)

The capital cost for this option is about **\$275,000**.

At this stage, option # 1, option #2, and option #4 can be completed during 2017. All other options would need to be bid and constructed in 2018.

Staff will be available during the July 10<sup>th</sup> Work Session to discuss these alternatives in more detail.

# INTER-OFFICE MEMO

DATE: July 6, 2017

TO: Township Board

FROM: Cargo

SUBJECT: Proposal – Administrative Parking Lot; Remove and Replace

As you may recall, the FY2017 budget contains an appropriation of **\$85,000** for the removal and replacement of the parking lot between the Fire/Rescue building and Administrative building. (See diagram below.)

Because Jackson Merkey is already on-site completing the 168<sup>th</sup> Avenue reconstruction project, rather than bid this project, staff negotiated a price with this construction company to pulverize, compact, regrade and pave a parking area equal area of about 38,885 square feet at a price of **\$81,590**. (This is about \$3,400 or 4% below the budget estimate and tracks with similar parking maintenance projects in West Michigan.)

If the Board supports this negotiated price, the following motion can be offered:

**Move to authorize Township staff to execute an agreement with Jackson Merkey to pulverize, compact, regrade and pave a 38,850 square foot area of parking at a price of \$81,590.**

If you have any questions, please contact Cargo at your convenience.

## Manager's Memo

DATE: July 6, 2017  
TO: Township Board  
FROM: Cargo  
RE: Buchanan and Sleeper Streets Non-Motorized Pathway - Approve Bid Documents

---

The 2017 phase of the 4.5 million, 10-mile expansion of the Township's pathway system is scheduled for bid. Prien and Newhof completed the project specifications and construction plans. The construction estimate is \$643,000 for these new 1.6 miles of pathways.

Pursuant to the Township's policy on capital purchasing, projects requiring sealed bids (*i.e., in excess of \$15,000*) shall be approved by the Township Board. However, the Board instructed staff to not include the actual bid specifications in the Board packets, rather the specifications would be made available at the Board meeting (*or as a .pdf document, if requested*).

Therefore, the proposed bid specifications and construction plans for the proposed for pathway extension along Buchanan and Sleeper Streets will be available for review at the July 10<sup>th</sup> Board meeting.

Staff also notes that the construction schedule is as follows:

- |   |                                 |
|---|---------------------------------|
| ➤ July 10 <sup>th</sup>                         | Board approval of bid documents |
| ➤ June 29 <sup>th</sup> – July 17 <sup>th</sup> | Bid Advertisement Period        |
| ➤ July 18 <sup>th</sup>                         | Bid Opening                     |
| ➤ July 24 <sup>th</sup>                         | Board awards bid                |
| ➤ November 1 <sup>st</sup>                      | Construction completion         |

If there are no objections to plans or specifications, the following motion can be offered:

**Move** to approve the proposed plans and specifications for the extension of a non-motorized pathway along Buchanan and Sleeper Streets.

If you have any questions or comments, please contact Cargo.

TO: Grand Haven Charter Township Board of Trustees

FROM: Chief Tom Gerencer

RE: 2017 Hazard Mitigation Plan Adoption

---

As you may recall, last month the Township Board adopted the Support Emergency Operations Plan (*i.e.* SEOP) that is specific to Grand Haven Charter Township. The plan is used to identify the responsibilities between Grand Haven Charter Township and Ottawa County in regards to pre-disaster emergency management activities. It also provides for Grand Haven Charter Township government agencies to respond appropriately to various types of emergencies or disasters that affect the community.

This memo is requesting that the Township Board now adopt the 2017 Hazard Mitigation Plan for Ottawa and Kent Counties that will work in tandem with the current Grand Haven Charter Township SEOP. The plan originated in 2006 and was last updated back in 2012. This plan is necessary for all jurisdictions in Ottawa County who wish to seek eligibility for Hazard Mitigation Grants.

If the Board supports the recommendation, the following motion could be offered:

**Move to approve Resolution 17-07-01, authorizing the adoption of the 2017 Hazard Mitigation Plan for Ottawa and Kent Counties that will work in tandem with the current Grand Haven Township SEOP.**

If you have any questions or concerns, please feel free to contact me any time.

At a regular meeting of the Township Board of Trustees of the Charter Township of Grand Haven, Ottawa County, Michigan, held on the 10<sup>th</sup> day of July, 2017 at 7:00 p.m. The meeting was held at the Township of Grand Haven, 13300 168<sup>th</sup> Avenue, Grand Haven, Michigan.

ABSENT:

After certain matters of business had been discussed, Supervisor Reenders announced that the next order of business was the consideration of a resolution regarding the Ottawa County Emergency Support Plan. Following discussion, the following resolution was offered by \_\_\_\_\_ and supported by \_\_\_\_\_:

**RESOLUTION 17-07-01  
2017 HAZARD MITIGATION PLAN ADOPTION**

**WHEREAS**, the Charter Township of Grand Haven recognizes the threat that natural hazards pose to people and property within our community; and

**WHEREAS**, undertaking hazard mitigation actions will reduce the potential for harm to people and property from future hazard occurrences; and

**WHEREAS**, an adopted Multi-Hazard Mitigation Plan is required as a condition of future funding for mitigation projects under multiple FEMA pre- and post-disaster mitigation grant programs; and

**WHEREAS**, the Charter Township of Grand Haven fully participated in the mitigation planning process to prepare this Multi-Hazard Mitigation Plan; and

**WHEREAS**, the Michigan State Police/Emergency Management Division and Federal Emergency Management Agency has reviewed the Multi-Hazard Mitigation Plan and approved it contingent upon this official adoption of the participating governments and entities;

**NOW, THEREFORE, BE IT RESOLVED**, that the Charter Township of Grand Haven, hereby adopts the Pre-Hazard Mitigation Plan, Kent County, Ottawa County, City of Grand Rapids, Michigan as an official plan; and

**BE IT FURTHER RESOLVED**, that the 2017 Hazard Mitigation Plan Kent and Ottawa Counties is hereby adopted as an official plan of Grand Haven Charter Township.
